CATALOGUE

OF

MICHIGAN WILD FLOWERS

FOR

1891.

WILD FLOWERS FOR PARKS, FLOWER GARDENS, ROCKERIES,
BOGS, ORNAMENTAL WATERS, CARP PONDS,
BEE-KEEPERS, ETC.

ROCHESTER, MICH., U. S. A.

ROCHESTER, MICH.:
THE ROCHESTER ERA BOOK PRINTING HOUSE.
U. S. A.

A DELIGHTFUL WEEKLY VISITOR.--Harper's Weekly.

GARDEN AND FOREST

1891.

FOURTH YEAR.

A beautiful illustrated journal of Horticulture and Forestery filled every week with fresh, entertaining, practical and accurate information for all who love Nature or take an interest in trees, shrubs and flowers. It figures new plants, it describes new horticultural processes; it is a current record of all practice and progress in the Groves and Gardens of the world. It is indispensable not only to the Botanist, the Landscape Gardener and the Forester, but to every owner of a Country or a Suburban Home who desires sound instruction in all branches of ornamental and economic planting.

The best paper of its class in the languagc.—N. Y. Sun.

Its writers are authorities in their lines and the illustrations are very artistic.—Springfield Union.

Careful and scientific, without being prosy.—Rochester Herald.

Its crisp and fresh text is almost as good as a visit to the country.—N. Y. Tribune.

The arbiter in matters of taste involving trees, flowers, parks and the laying out of grounds.—Boston Transcript.

No more important work can be named for American readers.—Philadelphia Ledger.

Its literary quality is a noteworthy feature of the journalism of the day. —The Critic, N. Y.

The landscape views are a surprise in their delicacy of finish.—Buffalo Courier.

Published weekly. Conducted by Professor C. S. Sargent, Dircctor of the Arnold Arboretum, Harvard University. Subscription price, $4.00 a year. Single copies, 10 cents each. Specimen copics, free, on application.

Subscriptions received by WILFRED A. BROTHERTON, Rochester, Mich.

GARDEN AND FOREST, - Tribune Building, - **NEW YORK.**

INTRODUCTION.

ALL of our cultivated flowers are wild flowers in some parts of the world; certainly the wild flowers of America are not much inferior to those of other parts of the world. Until lately our people have explored the whole world in search of plants to adorn their houses and gardens, while those of our own land have been neglected. Some of them, like the Phloxes, Rhododendrons, etc., have long been cultivated, but many a beautiful gem has been sadly neglected. However, during the past few years a change has taken place; and to-day many of our wild flowers are very highly prized. But it is a fact that foreigners were the first to seek our wild flowers, highly prizing their "American Gardens." By a careful study of our wild flowers, one can find a place suitable for most of them. They are not only well adapted to the flower garden, rockery, etc., but many are especially suitable for parks and large grounds. Sericocarpus Solidagineus and Tephrosia Virginica are two splendid but little known plants, growing best on dry sandy land. Our Michigan asters and golden rods are splendid, the species being wonderfully diverse in appearance. Coreopsis aristosa, Gentiana crinita and G. detonsa are biennials remarkable for their beauty, the first named being especially fine. All three are autumnal flowers. The lobelias are all fine, L. cardinalis being especially brilliant and striking. And what flower is grander than the showy Lady's Slipper (Cypripedium spectabile)? To get this beautiful plant one must camp out, and be exposed to hardship and even danger. It makes its home in almost impenetrable swamps, infested by rattlers; and it is the companion of the poison sumach, which often punishes those who take away the Lady's Slippers. The other species of the Cypripedium are also very fine.

TERMS.

Cash with the order will be required in all cases, except when special arrangements are made with parties having large orders whom I know to be reliable.

Money can be remitted by check, express or postoffice money order, or by registered letter. Foreign remittances may be sent by International Postoffice Orders, or by drafts on New York, Chicago, Ill., or Detroit, Mich., payable to my order. No charges for packing, boxes, barrels, etc.

Customers should state whether they want plants sent by mail, express or freight. The price for single plants includes postage. The purchaser is expected to pay mail, express, or freight charges on plants in larger quantities. If plants are wanted sent by mail, 10 cents should be added to every dollar's worth purchased.

I keep no plants in stock; all plants are collected upon order. In case my supply of any plant be exhausted, I guarantee the return of any money sent for it.

If seeds of these or any other Michigan plants are needed, please let me know.

All plants are carefully packed. Only good plants will be furnished, and all plants will be guaranteed true to name and in good condition when they are sent. Cannot be responsible for loss of plants caused by accident or delay while on the road. Complaints, if any, should be made when goods are received; will deal justly in all cases.

HERBACEOUS PERENNIALS.

Asclepias incarnata, Swamp Milkweed, 3 ft., flowers purplish.	20	75	5 50
" phytolaccoides, Poke leaved M., 3 ft., a very smooth, broad-leaved species with white flowers	25	1 00	....
" tuberosa, Pleurisy Root, 2 ft., flowers orange-scarlet, very handsome	20	75	5 50
" verticillata, Whorled Milkweed, 2 ft., slender, leaves narrow, flowers small, greenish-white	25	1 00	....
Aster azureus, Azure Aster, 2 ft., branching, heads medium size, rough but very handsome	20	90	5 00
" cordifolius, Pale Blue A., 2 ft., paniculate flowers from blue to white	15	70	4 00
" corymbosus, White A., 2 ft., corymbed, flowers white to roseate, dry hills	15	70	4 00
" dumosus, Bushy A., 2 ft., very branching, with many small purplish-white flowers	20	80	4 25
" laevis, Large Blue A., 3 ft., very smooth and handsome, flowers blue to purplish	20	80	4 25
" longifolius, Long-leaved A., 3 ft., paniculate, flowers light-blue	20	80	4 25
" macrophyllus, Great-leaved A., 2 ft., corymbed, rays white to blue, dry hilly woods	20	80	4 25
" miser, Bluish-purple A., 6–30 in., racemous-paniculate, heads very many, small, white to purplish	20	80	4 25
" multiflorus, Small White A., 1 ft., very bushy, grayish, heads very numerous, paniculate, very handsome, dry sunny hills	20	80	4 25

	EACH.	PER 10.	PER 100.
Aster Novae Angliae, New Eng. A., 4–6 ft., hairy, heads crowded, fastigate, deep to light purple, very handsome	$0 20	$1 00	$6 00
" Novae Belgae, N. Y. A., 2–4 ft., racemed, very smooth, rays blue, hills	20	80	4 50
" patens, Blue A., 3 ft., paniculate, hairy, heads large, violet, wet places	20	80	4 50
" prenanthoides, 3 ft., flowers showy, blue	20	80	4 50
" puniceus, Red Stemmed A., 4–6 ft., paniculate, heads many, pale purple, wet places	20	80	4 50
" puniceus candidus, heads larger, white	20	80	4 50
" sagittifolius, Arrow-leaved A., 2–4 ft., branching, racemous, heads small, white to blue	20	80	4 50
" simplex, Slender A., 1–5 ft., corymbous-paniculate, smooth, heads few, pale blue, wet places	20	80	4 50
" tennifolius Narrow-leaved A., 5 ft., branching, flowers, pale purple, moist places	20	80	4 50
" undulatus, Wavy-leaved A., 2 ft., paniculate, rough, heads pale blue, dry woods	20	80	4 50
Baptisia tinctoria, Wild Indigo, flowers yellow	20	1 00	5 50
Calystegia spithamaea, Sand-glory, 3 ft., vine-like, flowers like morning-glory, large, white, dry sands	20	1 00	5 50
Campanula Americana, Am. Bell-flower, 4 ft., flowers broad (not bell-shaped), blue, in long racemes	20	80	5 00
" rotundifolia, Harebell	20	75	4 50
Carex hystricina, Hedgehog Sedge, 1–2 ft., yellowish-green, spikes curious, wet places	20	80	4 50
" lupuliformis, Large Hop S., 2–3 ft., bright green, spikes very long, wet places	20	80	4 50
" lupulina, Hop S., 1–3 ft., spikes smaller, wet places.	20	80	4 50
" nigro-marginata, Black-margined S., 1 ft., glumes black and white, flowers yellow, early, dry hills.	20	80	4 50
" plantaginea, Plantain-leaved S., 18 in., fine, leaves broad, flowers yellow	20	80	4 50
" retrorse, Bent-beak S., 2 ft., bright green, spikes rather large, beaks bent back, wet places	20	80	4 50
" tentaculata, 2 ft., spikes long and slender	20	80	4 50
Caulophyllum thalictroides, Blue Cohosh, 3 ft., flowers in clusters, white, berries blue	20	90	5 50
Chelone glabra, Snake-head, 3 ft., odd-looking white flowers in clusters	20	90	5 00
Chimaphila umbellata, Prince's Pine, 1 ft., a fine evergreen, flowers clustered, white, wax-like, dry sandy hills	15	90	5 50
Chiogenes hispidula, Creeping Snowberry, a handsome little evergreen trailer, growing in moss, berries white, fine-flavored	15	90	5 50
Cirsium altissimum, Fall Thistle, 4–8 ft., heads handsome purple, fine for parks	25	1 25	6 00
" discolor, Two-colored T., 5 ft., biennial, heads first reddish purple changing to white	25	1 25	6 00
" muticum, Swamp T., 6 ft., leaves finely divided, heads deep purple, biennial	25	1 25	6 00
Cladium mariscoides, Bog Rush, 2½ ft., rigid, spikes brown, in heads, wet places	20	90	5 00
Claytoniana Caroliniana, Broad-leaved Spring Beauty	15	75	5 00
" Virginca, Narrow- " "	15	75	5 00

Because of intermediate forms, prefer to collect these two mixed.

	EACH.	PER 10.	PER 100.
Clintonia borealis, Northern C., 1 ft., flowers clustered, yellow, handsome plant in wet woods	$0 15	$0 75	$5 00
Collinsonia Canadensis, Stone Root, 3 ft., leaves broad, flowers in clusters, yellowish	20	75	5 00
Comandra umbellata, Clustered C.	15	75	5 00
Coptis trifolia, Gold Thread, 3 in., a handsome evergreen plant growing in moss, having shining trifoliate leaves and white flowers	15	60	3 50
Coreopsis aristosa, Awned C., 4 ft., branching, heads large, brilliant yellow, biennial in wet places	20	90	5 00
" lanceolata Lance-leaved C., 8 in., heads golden-yellow, one of our handsomest perennials, rare.	25	1 00	....
Cornus Canadensis, Low Cornel, 6 in., flowers white, wet shades	15	80	5 50
Cynthia Virginica, yellow C., 2 ft., showy, dry places	15	90	5 50
Dasystoma flava, Downy False Foxglove, 3 ft., leaves smooth, not lobed, flowers trumpet-shape, yellow	25	1 00	....
" pedicularia, Lousewort F., 3 ft., hairy, flowers trumpet-shape, handsome yellow, dry hilly woods	25	1 00	6 00
" quercifolia, Smooth Yellow F., 4 ft., flowers larger.	25	1 00	6 00
Dentaria diphylla, Two-leaved Pepper-root, 1 ft., leaves ternate, flowers rather large, white, fragrant, May, moist woods	15	75	4 50
" laciniata, Cut-leaved P., 1 ft., flowers purplish, fragrant, May, woods	15	75	4 50

WILFRED A. BROTHERTON,

ROCHESTER, MICH., U. S. A.

American Fish, Fisheulture

AND FISHING.

A 16 PAGE ILLUSTRATED MONTHLY,

Devoted to all phases of pond construction and fish production, either for pleasure or profit, their handling, capture, shipment, care, etc. All questions carefully considered and answered. The only journal in the United States devoted to fish production, and should be read not only by the fish culturist but by every farmer, that he may gather rich harvests from the swamps and swails that are now eyesores on the farm.

PRICE, ONLY 50 CENTS A YEAR.

Address, L. B. LOGAN,

ALLIANCE, OHIO.

PRACTICAL CARP CULTURE

ONLY 65 CENTS.

The Only Book Ever Offered for Sale, that the Purchaser can Return and Get His Money Back if not Satisfied.

The book that every farmer should have. Contains 144 pages, 7x9 inches; 33 illustrations showing pond bottoms, dams, overflows, under-drains, varieties of the fish, enemies of the fish, etc. It includes every necessary instruction for any person to successfully, and at nominal expense, produce their own fish. Endorsed by Fish Commissioners and Producers everywhere. Persons ordering the book and not satisfied with it may return it and we will refund their money. Address,

L. B. LOGAN,

ALLIANCE, OHIO.
